**Defamatory Content posted on
YouTube and Social Media**

Crystal Cox has devoted an entire YouTube Channel to defaming me and anyone associated with Salish Rescue, local law enforcement and local government.

<https://www.youtube.com/@PortTownsendNews/videos>

The site contains over 400 videos of defamatory content, with more being added every day. 18 new videos were added in the 24 hours since my 2/28 court appearance. I am a frequent target of these videos, and nearly all of them use my name as a search engine “keyword.” In these videos Cox makes a wide range of unfounded, sweeping allegations against me, including accusations of sexual misconduct, human trafficking, rape, murder, bribery of police and court officials, extortion, and more. There seems to be some sort of grand conspiracy theory wherein Salish Rescue (the search and rescue organization where I volunteer – a tiny non-profit with an annual budget of under \$5,000/year) is somehow the kingpin masterminds of a broad effort to kidnap and murder people, and pay the police and courts to look the other way. These allegations have zero basis in fact.

Ms. Ellison styles herself in some of these videos as a “whistleblower” out to “protect women from Salish Rescue.” This all seems to be closely related to the extortion threats Erik Wennstrom made repeatedly in the fall of 2023, when he said things like “give me back Salish or I’ll accuse <various Salish Rescue volunteers, including me> of rape”

Ms. Ellison has never been a Salish Rescue volunteer, though she has occasionally ridden along with me on rescues, and has done a few hours of rescue boat training.

The titles listed below are just a small sample these videos. “Captain of Awesome” is one of Ellison’s “screen names” “Demon Stone” is apparently what Cox is calling me (my friends call me “Stone”).
